

45th AMM Evening Receptions

(Generously Sponsored By Veterans United and ChemFree)

On the evenings of 4-6 October, Members enjoyed attending the President's, Vice President's, and Executive Director's receptions, respectively. These social events were made possible through the generosity of Veterans United Home Loans and ChemFree Corporation.

Pictured left, CW4 (Ret) Jack Du Teil thanked ChemFree Corporation for their support, and welcomed attendees to the Executive Director's Reception, on Friday evening.

All of the evening receptions were well attended, and offered members and guests a relaxing opportunity for both professional networking and fellowship.

After CW5 Joachim Consiglio welcomed everyone to the Vice President's reception, he introduced Ms. Pam Swan, of Veterans United Home Loans (pictured right), thanking her company for not only sponsoring his reception, but the Financial Planning Panel earlier that day.

She invited everyone to visit her booth at AUSA the following week, and attend a free Veterans United-hosted concert, featuring Country Music artist Mark Wills.

In addition to offering Warrant Officers outstanding professional development opportunities, the 45th AMM provided old friends the opportunity to reconnect.

Pictured left (clockwise from left) are Past National President CW4 (Ret) Roy Valiant, Mid-Northern Region Director CW5 (Ret) Marv Peters, Mrs. Diane Peters, Mrs. Linda Wentworth, and Past National Vice President CW2 (Ret) Gerald Wentworth.

From its speakers and panel discussions, to its receptions and the 45th Annual Banquet and Ball, the 45th AMM afforded all attendees with the opportunity to directly interact with Army senior leaders and Warrant Officer leaders alike.

Pictured right (left to right) at the President's Reception, USAR CCWO CW5 Russell Smith discussed USAR educational priorities with CW3 (Ret) Bill Alcorn and Mr. Karl Hoffman, from USAWOA corporate partner Columbia Southern University.

ChemFree Corporation not only sponsored the Executive Director's Reception, but earlier on Friday they offered their industry perspectives on the IBM-sponsored Sustainability Panel, as a provider of ecofriendly parts washers and parts washing solvents to the military.

National President CW4 (Ret) Greg Gouty is pictured left, thanking CW5 Adam Hagenston and ChemFree Vice President Thomas W. McNally for their participation on the panel. 🇺🇸
