**SUBJECT:** Care Package Committee Report

**LOCATION:** Mount Laurel, NJ

**DATE/TIME:** 28 January 2017 1200 hrs

1. **CARE PACKAGE COMMITTEE REPORT.** This committee was established in Oct 2009 to work with the **U.S.M.W.A.Y.S.** organization and send packages to military service members overseas since 2004. Our Chapter has teamed up to help support them with fund raising, individual names, and do our part to support all troops deployed in harms way.
2. **TREASURER'S REPORT:** There is no budget for this committee and as of this date we have no need to start one.
3. **Summary of recent activities:** The final shipment for the organization was 3 Dec 2016 for Dick Lynch and other members of the **U.S.M.W.A.Y.S.** As of this date, the committee has sent 2,600+ packages since 2004. Unless things change, our relationship and requirement for this organization has come to an end on a high note.
4. **Support Suggestions:** No future requirements are necessary by this organization, unless someone from that group takes ownership of the program. I am still looking for ways to have members support this organization or one like it in the future. Interested members can contact me at 908 507-5913.
